

### Company:

Linney Print is the print division of Linney Group. The Linney Group delivers award winning creative solutions, outstanding print, data management and fulfilment services, print management and outsourced process solutions.

From concept through to completion, delivery and review, the Linney Group can offer your business reduced costs, raised quality, improved efficiencies and speed to market.

### Challenge:

Linney Print were using Brother Dot Matrix printers within their production line over a number of printing stations to print shipping labels. They were experiencing difficulties with paper jams and slow printing.

### Solution:

AM Labels recommended the Zebra S4M and direct thermal labels alongside Zebra Designer labelling software to provide an efficient solution.

“The new printing solution has significantly reduced printer breakdowns and improved the quality and speed of print. AM Labels offered a great service, all setup and installed hassle free. My staff are now fully trained and can get the most out of the new system.”

### Key Benefits:

- Zebra S4M printers provided the following benefits: fewer paper jams, labels easier to load, smaller space requirement, better print quality and faster speed
- Improved efficiency of operations
- Quality of labelling
- Easy and fast installation
- Fully trained operators
